### Saturday 29th and Sunday 30th

The Belles Rives spirit characterizes a unique auction with products directly coming from "The Passagère" wine cellar as well as prestigious tableware memories. Amongst the Belles Rives bottles, the best property year is to be found with a name evocating fantasy. The very well preserved bottles have never been anywhere else than the Belles Rives wine cellar. Thus, it represents a unique milestone for collectors and admirers to get some rare pearl stamped by Belles Rives. Due to their generation history within the symbolic Art Deco family as well as the constant revival of the French Riviera, the bottles are deeply coveted. In addition, appealing pieces from the Juana Hotel will be added to this auction. The Juana Hotel, a five star, is a gorgeous property from the 30s. Historically, the Juana Hotel is the first French hotel boasting two Michelin stars in 1984 with Alain Ducasse at the prestigious restaurant "La Terrasse". Located at the heart of the Pinède, an iconic place hosting the international Jazz festival every year, the Juana hotel is the place to be for talented and international pioneer musicians as well as Jazz lovers listening to concerts until the dawn... The intimist character of both properties highlights the special interest of the offered pieces.
