

## VILLA COSY FIVE-STAR hotel and spa

True luxury lies in conviviality

Imagine a cosy space offering 24 luxury rooms and suites (14 suites and 10 rooms) set in a garden populated with multiple species of plants and a pool that is heated all year round. Imagine a gym that is fully equipped with top-of-the range Technogym and Powerplate equipment. Imagine a zen space with a 35°C spa and gazebos for relaxation. Imagine a spa, designed in partnership with one of the biggest beauty and wellbeing brands: Sothys (see textbox). Imagine too a Cosy bar overlooking a cylindrical wine cellar with a glass ceiling, like an invitation to enjoy the good life and sample fine wines as soon as you walk through the door. Imagine that all of this is just a five-minute walk from Place des Lices in Saint-Tropez. Now stop imagining and come and experience the **Villa Cosy Five-Star hotel and spa**.

### 24 rooms with a stylish décor

The Zen space.

The owners and creators of the establishment, Diane and Frédéric Saveuse were keen to personally oversee the décor and facilities of each room. And what might have been a dummy run proved to be a real master stroke. The common theme is a stripped back, natural atmosphere with

discreet luxuries, without sacrificing the latest technologies, all accentuated with design pieces from the 1960s. Obviously each room has its own patio or private garden and some have a spa.

### A well-being space for each room...

In terms of the bathroom, everything has been designed to add space and comfort in an elegant, refined style. You will find Corian basins, wooden furniture, wall and floor ties in natural colours (beige, linen, tan). And in all cases, just like in the spa, unlimited Sothys beauty products are on offer.

### A bespoke and unobtrusive service

The **Villa Cosy Five-Star hotel and spa** offers a unique, bespoke service. This includes top quality, 24/7 room service, valet parking and charging facilities for electric vehicles. Finally, special attention is paid to each guest to satisfy their every demand, whilst not being overbearing nor ostentatious.

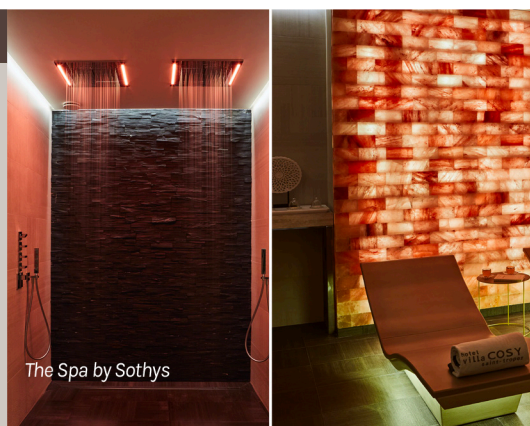

### A unique location

This is how this establishment, which combines luxury, charm and peace and quiet and is just a five-minute walk from the centre of Saint-Tropez, earned its reputation and why it deserves its five stars. ■
