

## VILLA COSY Five Star hotel & spa, A luxury hotel against the backdrop of Saint-Tropez

It all began with the vision of a couple and their desire to offer exclusive accommodation in the heart of a legendary village: Saint-Tropez. So, in 2015, Diane and Frédéric Saveuse left the world of big business behind to build the foundations of a new life: **Villa Cosy**, a five-star hotel and spa, where attentive, unobtrusive service is the guiding principle behind everything these visionaries and their team do on a daily basis.

### Luxury, quiet and conviviality

A far cry from the cliché of luxury hotels, where the service is often formal, the **Villa Cosy** gently breaks with convention

to provide an exclusive bespoke service with efficiency and discretion.

The tone is set from check-in: a yachting environment! Here the team are dressed in chinos, deck shoes and white polo-necks rather than suits. As for the general décor, in particular in the 25 rooms, the emphasis is on natural materials: wood,

corten, natural stone, cradled in a lush green setting...A stripped back design with iconic 1960's objects add to the magic of the location.

### An enchanting setting, a stone's throw from la Place des Lices

Because this is what sets the establishment apart: its location! Everything can be reached on foot, from the legendary beaches of Saint-Tropez such as la Bouillabaisse and la Plage des Canoubiers to famous sites like Place des Lices and Quai Jaurès with its renowned bars and restaurants, not to mention the port and the Citadel.

### The Villa Eucléia within the Villa Cosy

As such, in just a few years, **Villa Cosy** has earned a reputation as a haven of peace on the outskirts of the bustling seaside resort, particularly thanks to its heated pool and spa which are open all year round. All that was missing was a bastide to offer fully staffed and catered accommodation with butler service. This has now come to fruition with an adjoining country house in the midst of the vines, with 450m<sup>2</sup> in floor space, 5 suites and 2 bedrooms, a private heated pool, a sauna, a gym and a cinema...Thus, Villa Eucléia completes the idyllic scene that delights the guests of the Villa Cosy hotel & spa. ■

SAINT-TROPEZ, ALL YEAR ROUND IS...

**Saint-Tropez** combines the relaxed way of life of a charming fishing village with the luxuries prized by some people. Each month, a number of cultural and sporting events are held: exhibition, theatre festival, regattas, petanque competitions, ATP tennis tournament, IPF Gold,... the little village is a constant hive of activity as well as being home to numerous high-end restaurants.
