

ÉVIAN RESORT

THE HOME OF REVITALISATION

Facing the beauty of Lake Geneva and the purity of the Alps, where the precious evian® natural mineral water spring bursts forth, the Evian Resort offers breathtaking views and the ideal setting in which to reconnect with what really matters: oneself, nature and loved ones.

PRESENTATION OF THE EVIAN RESORT

In the heart of a 247-acre estate, **the Evian Resort** has a comprehensive offering, the only one of its kind in France: the legendary **5-star Hôtel Royal Palace**, which wonderfully combines Belle Epoque charm with stylish contemporary design; the **4-star Hôtel Ermitage**, an authentic establishment with an inviting atmosphere ; two hotel spas and **evian® thermal spa**; a **Kid's Resort** with facilities of over 1,000 m²; **the Evian Resort Golf Club** and its **Academy**; **the Grange au Lac**, one of the most beautiful concert halls in the world, not forgetting **Evian's Casino**, an entertainment venue not to be missed.

One can revitalise in touch with nature, breathe in the pure mountain air, drink fresh water from the Cachat spring and enjoy the benefits of evian® mineral water "at its source", take part in a wide range of activities, relax watching the hypnotic flow of the water on Lake Geneva or simply take in the stunning views... A paradise surrounded by lake and mountains, located just 2 hours 15 minutes from Lyon by car, 4 ½ hours from Paris by high-speed TGV train, 30 minutes from Lausanne by boat and 45 km from Geneva.

AN ESCAPE IN THE GREAT OUTDOORS

The Evian Resort's hotels are located at the heart of 47-acre private grounds, home to an abundance of biodiversity and a wonderful place to explore for guests in search of tranquillity, with almost 600 trees, some of which are centenarians. The gardens are filled with varied landscapes, tree-lined zones, gardens, meadows, honey-producing plains, wooded areas, a lake, a rose garden, an orchard, a traditional kitchen garden and panoramic views of Lake Geneva. Their upkeep is carried out by a team of 10 gardeners who are trained in the environmental management of green spaces, and only use natural, organic products.

A 3,000m² natural, organic kitchen garden, located in the grounds of the Hôtel Royal, is the perfect example of the expertise of our gardeners, as seen in the way they implement permaculture techniques and use organic seeds and compost to grow aromatic herbs and seasonal fruit and vegetables for use in the Palace hotel's restaurants. The Hôtel Royal also has its own beehives and produces its own honey.
